THE WORLD'S BEST EMS PANT

EMS Pants

Built of rugged, fade-resistant poly-cotton twill and loaded with user-driven features, our EMS pants have everything you're looking for in an EMS pant. Available in men's and a new 5.11 women's fit. Imported.

- Free neoprene kneepads included with purchase.
- 7.25 oz poly-cotton twill is treated with Teflon® for stain, soil and liquid stain resistance.
- Comfortable, self-adjusting tunnel waistband that moves with you and a gusseted crotch that allows freedom of movement and virtually eliminates seam failure. The inside of the waistband features our gripper material to help keep your shirt tucked in.
- Prym® snap and YKK® zipper for proven durability.
- Pants are designed with a higher rise in the back to help you maintain a professional appearance.
- 5.11 Double-Time™ belt loops feature an extra-wide belt loop with a thinner 3/8" loop on top of that for you to attach your radio strap or other accessory.
- Pants are made with two layers of fabric in the seat and knees for durability.

- Full-size cargo pockets with internal dividers and external EMS-specific pockets. Cordura® nylon lined scissor/shears pocket. Utility pockets are located at the calf.
- Front pockets are extra deep and feature our coin-keeper construction plus reinforced bottom edges to protect from wear. Rear pockets feature 5.11's trademark slash pockets and utility strap, plus welted wallet pockets.
- Pants feature our double-thick "tough-cuff" hem.

74310 Men's EMS Pants\$49.99
28-44, even inseams 30-36 or unhemmed in waist sizes 46-54 (\$54.99), Dark Navy 724

64301 Women's EMS Pants\$49.99
2-16, regular or long length, Dark Navy 724

Gusseted Crotch: A diamond-shaped piece of fabric stitched into the crotch rather than a traditional seamed construction. Eliminates center-seam blow-outs and allows a greater range of motion.

Station Pants

Rugged, fade-resistant 100% cotton twill and functional innovation make our Station Pants an unbeatable value. Available in both men's and women's sizes and with or without cargo pockets.

- Station Pants (74302 & 64302) feature a flat front with permanent creases and hidden side pockets along the thigh seam.
- Station Cargo Pants (74311 & 64303) feature full-size cargo pockets with internal dividers and double-thick knees that come with our neoprene kneepads for free, a \$13 value.
- 9-oz. 100% cotton twill is fade, shrink and wrinkle resistant and is treated with 5.11's stain resistance.
- Prym® snap and YKK® zipper for proven durability.
- Features our double-thick "tough-cuff" hem.
- Comfortable, self-adjusting tunnel waistband that moves with you and a gusseted crotch that allows freedom of movement and virtually eliminates seam failure. The inside of the waistband features our gripper material to help keep your shirt tucked in.
- 5.11 Double-Time™ belt loops feature an extra-wide 1-1/2" belt loop with a thinner 3/8" loop on top of that for you to attach your radio strap or other accessory.
- Front pockets are extra deep and feature our coin-keeper construction plus reinforced bottom edges to protect from wear. The rear has traditional welted back pockets plus deep welted pockets with internal Velcro® break-through dividers that allow you to carry long items (like a full sized flashlight or radio) or short items (like your cell phone or multi-tool.)

The Authentic 5.11 Tactical Pant & Shorts

- 8.5-oz., 100% cotton canvas for breathable comfort and durability. Double-stitched throughout and bartacked at all stress points.
- Elastic comfort waist moves with you.
- Prym® snap and YKK® zipper for proven robustness.
- Oversized keystone belt loops accept 1-3/4" belts and are heavily bartacked at the corners.
- 5.11's patented strap over the right rear pocket provides a platform to hang gloves or other gear.
- 5.11's trademark slash pockets offer plenty of storage. Bottom edges are covered with Cordura to prevent fraying from clip-on tools like a knife or flashlight.
- Double-layered seat and knees. Knees can carry neoprene kneepads, available separately.

"I knew about the durability, quality and value of 5.11's gear from my experience as a Tactical Medic with the Glendale Police SWAT team. A fellow Tactical Medic (Captain Lex Worthy) and I were talking about using tactical apparel for our everyday station wear. So we talked to 5.11 about the idea and they expressed interest. Then we started wearing the 5.11 Tactical pant for our uniform pant. As far as I know, we were the first ever. That was about two years ago and since then we've had multiple development meetings with 5.11's product designers and CEO Dan Costa to help 5.11 create a line of station wear that's built just for Fire and EMS professionals."

5.11 is the only manufacturer who really listened to us when it came to our needs for durable and functional station wear. Before now there has not been any real change to our 'simple' station wear uniform in more than 20 years. We're really excited about 5.11's station wear, it feels like it belongs to us!"

Performance Polo

Velcro® is no match for 5.11's new snag-free Performance Polo. We've engineered a new performance fabric that won't snag or pill and have built the first snag-free, synthetic polo. The Performance Polo is also antimicrobial: it prevents odor-causing bacteria, constantly wicks away moisture and dries fast to keep you comfortable. Mic-clip pockets are conveniently located on each shoulder, and a mic-clip loop is found at the bottom of the placket. In addition, the Performance Polo's gusseted sleeves offer you complete range of motion. Imported.

Neat, Clean & Professional

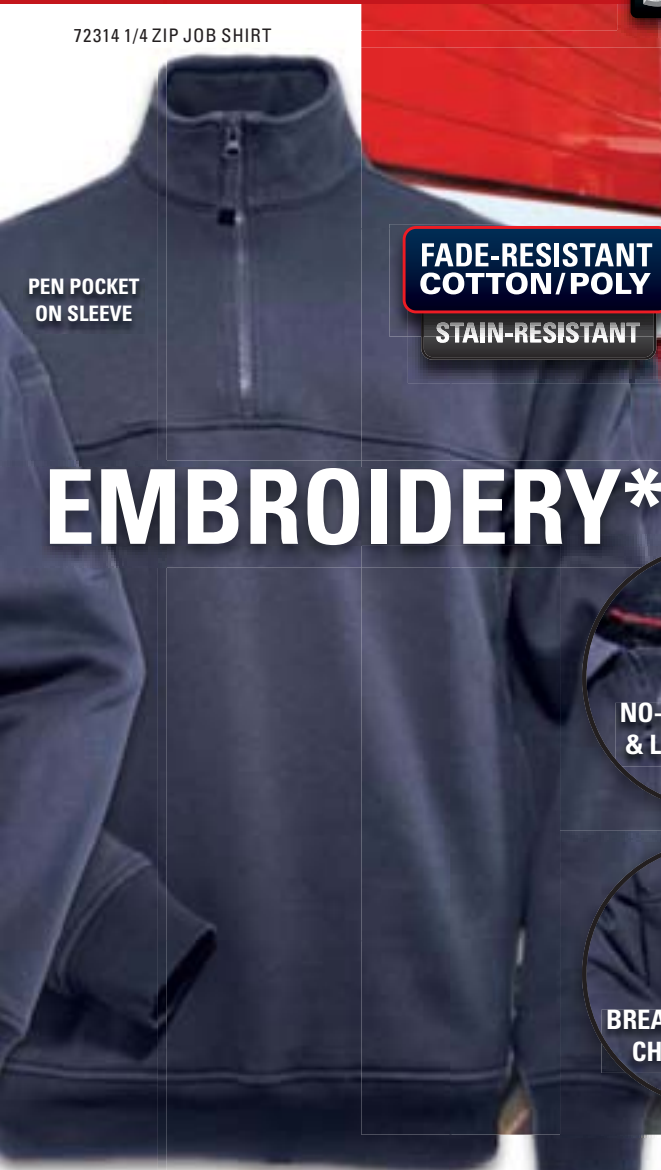

Our Job Shirts are built to help you maintain a neat, clean and professional appearance. 5.11's Job Shirt fabric goes through a proprietary finishing process that results in a wrinkle, shrink, fade and stain resistant product. Note how much a job shirt without our finishing process fades and shrinks after 20 washes.

Job Shirts

5.11 Tactical products have been built with the direct involvement of operators since the beginning. When we decided to introduce a full line of products for Fire and EMS professionals it was only natural to begin product development with our end users. As part of that process we've developed these great job shirts all with 5.11's functional innovation built right in. Choose from three styles; a traditional design with denim collar and elbows or an updated traditional design with canvas collar and elbows or a more contemporary 1/4 zip front. Also available in tall sizes. Imported.

Suitable for embroidery, heat press, screen print.

- 11.6-oz fade-resistant cotton-poly fleece fabric with 5.11's stain resistant treatment
- Fabric accents (denim/canvas) are also fade-resistant
- Chest Breakthrough™ pocket with Velcro® divider allows you to carry a full-sized radio or a smaller object without it dropping to the bottom of the pocket
- Hand-warmer pockets on both sides
- Mic pockets at both shoulders and pen pockets on the left sleeve

Outstanding Socks

When you're on your feet nonstop, your socks become just as important as your boots for all day comfort. Our Level I, Level II and Summer Socks have up to 12 different zones of cushioning and support. Level I socks offer good cushioning and are made with moisture wicking Coolmax®, Level II socks offer more cushioning and warmth and also feature moisture wicking Coolmax®. Our Summer Socks are lightweight dress socks with moisture-wicking fibers and enhanced breathability. 3-Pack Socks are a great sock at a great value and offer an engineered fit and support for only \$14.99 a 3-pack.

Our socks are available in ankle height, 6" height (below the calf) and 9" height (above the calf).

THE 5.11 LIGHT FOR LIFE™

LIGHTING THE WAY IN EARLY 2009

We are always looking for ways to make your job easier. Whether that's the creation of an entirely new product - like our new Covert Dress Shirts - or the rejuvenation and revolution of an existing product on the marketplace - like our TDU replacing the old BDU, so when we hear about a genuine new concept that has this potential, we listen.

Just a few months ago we were approached about a new idea that sounded entirely implausible – a rechargeable flashlight, **with no batteries**. Sounds unbelievable and that's what we thought until we met with Dr. Alexander, a scientist from Flashpoint Technology™ who explained the technology and how their power management system could revolutionize flashlights for the public safety market. Dr. Alexander and his team have been working on this technology for more than ten years in the hybrid car market and been able to bring this breakthrough **battery-free** technology down into a handheld size.

5.11 Tactical® and Flashpoint Technology™ have entered into an exclusive partnership to bring this patented technology to you, and at a reasonable price. The new 5.11 Light For Life® flashlights have a dramatically higher return-on-investment vs. other rechargeable lights and outperform competitor lights across the board.

53000 LIGHT FOR LIFE™ UC3.400 . . . \$169.99
4-Way Power: Standard (90 lumens), Peak (270 lumens), Strobe & Standby. Includes 12V DC car charger and mounting plate. 120V AC household adapter available separately.

SHOWN AT ACTUAL SIZE

The 5.11 Light For Life™ comes with a limited lifetime warranty and its internal components are rated for a life of over 50,000 cycles. *(That adds up to more than 130 years if you use and recharge the light once a day!)* The flashlight's body is made from a state-of-the-art polymer that is impact, abrasion and water resistant to stand up to the intense duty we know you'll put it through.

Lights will be delivered on a first-come, first-served basis in early 2009. Preorder yours and learn more about the 5.11 Light For Life™ at www.511Tactical.com/lightforlife.
